

# Apprenticeship Program

A key service to ICBA members is the Apprenticeship Program coordinating their apprentices and providing services like registration, counseling, and financial assistance\*. The program helps ICBA members employ apprentices with a lighter administrative burden.

Additionally, apprentices who work for ICBA members with CIBP benefits and are registered in the ICBA Apprenticeship Program are eligible for \$200 bursaries towards tuition fees for each of the first four levels or modules of their program. Those eligible apprentices who score 90% or above in each of their first four levels (modules) of technical training will also receive a \$50 gift card.

The eligibility requirements are as follows:

- Apprentice must be registered through the ICBA Apprenticeship Program;
- Apprentice must work for an ICBA member with CIBP benefits prior to attending class;
- Apprentice must successfully complete level of training; and
- Apprentice must return to work full-time for the member firm after schooling.

ICBA will automatically process the apprentice bursary upon receipt of the transcripts from the ITA. Bursary cheques will be made out to the apprentice and sent out care of the ICBA employer. Please allow two to three months after completion of level of training to process the refund.
